ALEXANDRIA, VA., SATURDAY EVENING, NOVEMBER 3, 1906.

PRICE 2 CENTS.

MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well known. Even the untutored Indian has learned the curative value of some of these and taught the early settlers their uses. The Indian never liked to use his bow and arrow to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papose root" for her, for that was his great remedy for female weaknesses. Dr. Pierce uses the same root—called *Bio. Colub.*—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women. Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Dr. Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for women's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

Trouble with Japan Anticipated.

The arrest of a Japanese officer for sketching fortifications at Manila has caused a sensation in the diplomatic world. It has been suspected for some time that the military information division of the general staff of the Japanese army had scouts at work secretly, not only in the Philippines, but in continental United States as well.

Not long ago the charge was made in a responsible quarter that many of the Japanese warships were officers of the Mikado's navy in disguise. The Navy Department has not been able to prove this in any particular instance, but it is known that instructions were sent to commanders of our naval vessels to be on their guard and to report any evidence they might be able to procure that their servants were in the employ of the Japanese government.

Much of the information upon which the Japanese prepared for their war with Russia was procured in this manner, and there is little question but what the recent anti-American agitation in Japan has caused the Tokio government to take steps of this character with reference to the United States, especially in the Philippines.

Should the matter be brought officially to the attention of the Japanese Foreign Office the action of the young officer in Manila would undoubtedly be disavowed and the statement made that he was acting solely in his personal capacity and not in the interests, or by the orders of his government.

The semi-official Strana of St. Petersburg, reviewing the aims of the visit of the Prussian foreign minister, Mr. Lamsdorf, to Paris, attributes to him the purpose of cementing the Franco-Russian alliance and the growing Anglo-Russian approachments of the three powers concerned, which clash with those of Germany in Turkey, Persia and Japan. Russia, the paper adds, feels that common action would be advantageous, especially in Persia, where the Anglo-Russian agreement is meeting with German interference. In regard to Japan, the Strana recalls the Japanese dissatisfaction with the Portsmouth treaty, and says the Russian government is convinced that the reorganization and increase of the Japanese army and navy are directed toward a war of revenge. Great Britain, according to the semi official paper, shares the Russian alarm at Japan's intentions.

Bridegroom Arrested.

The honeymoon of Mr. and Mrs. Roy A. McKnight, an eloping couple from Murfreesboro, Tenn., who were married two weeks ago at Nashville, was rudely broken in Washington yesterday afternoon, when the bridegroom was arrested by Detective Horn and locked up. McKnight was passing a worthless check for \$50 on Charles J. Hunt, of Washington. McKnight, a most broken hearted, Mrs. McKnight, who is twenty-one years old and pretty, is a fearful guest at the home of Mr. Hunt, who preferred the charge against her husband. She has known Mr. Hunt for a number of years.

McKnight was arrested at the Metropolitan Hotel, where he and his bride have been stopping for the last ten days. McKnight made the following statement last night:

"My wife and I eloped from Murfreesboro to Nashville two weeks ago and were married. We have been sweethearts for eleven years. Until I went to Murfreesboro about two weeks ago I hadn't seen her for three years. We immediately decided to get married. Although her parents had no objection to the match, we decided to elope and went to Nashville. My wife's maiden name was Miss Jennie Cox. My attorney has telephoned my father, who lives in Lynchburg, to come immediately to Washington. It is true that Mr. Hunt cashed a check for \$50 for me. I thought that I had that amount in the Fourth National Bank of Nashville, but as the check was protested, my account must be overdrawn. My wife has known Mr. Hunt and the members of his family for a number of years. When I ran short of funds I asked him to cash a check, which he did. When my father arrives he will settle in full."

Postmaster Robbed.

G. W. Fouts, Postmaster at Rivermont, Ia., nearly lost his life and was robbed of all his money, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At E. S. Leadbeater & Sons' drug store, 50 cents.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take to other kind.

To Maintain the Open Shop.

The National Erectors' Association, comprising manufacturers and erectors of steel structures, voted in New York yesterday, to continue its contest for "open shops." The association adopted a resolution to support the Illinois Steel Company, of Chicago, which is building a plant at Gary, Ind., where a strike was declared, on Wednesday, by the Housemiths' and Bridgemen's Union.

At the conclusion of the conference, which lasted three hours, it was said that overtures had been received from the international organizations of the Housemiths' and Bridgemen's Union and from various local unions, requesting the holding of a conference, at which the present state of the trade might be discussed. It was decided to refuse to hold such a conference. An officer of the association, who acted as spokesman, said: "At present the business of steel erecting is on the open shop basis. The meeting decided unanimously to stand by the open shop. The association will back up the Illinois Steel Company, which is building the great plant at Gary, Ind., where a strike was declared on Wednesday."

Children Killed by Street Car.

Carrying her year-old baby brother in her arms, Jenny Donato, 13 years old, was struck by a Twelfth street car at Kimball street, Philadelphia, yesterday morning, and both she and the child were killed beneath the wheels.

The girl left her home to go on an errand for her mother, and carried the child along. She wore a heavy woolen hood, which prevented her from hearing the car's approach.

The fender hit the little girl below the knees, toppling her and the child into its net. They hung upon the edge of the net while Yung, the motorman, was making frantic efforts to stop the car. By the time he did so the children had fallen under the front wheels, and were crushed to death.

A frantic crowd of Italians, who thickly inhabit the neighborhood, surrounded the car and threatened the motorman and conductor until the arrival of the police.

The parents of the children were told of the accident and rushed to Kimball street, where the mother fainted. Upon her recovery of consciousness three women had all they could do to keep her from scratching her face and pulling her hair out by the roots.
